

The project *TALOS-Artificial Intelligence for Humanities and Social Sciences* (TALOS-AI4SSH) was recently funded by the European Commission (HORIZON-WIDERA-2022-ERA TALENTS-01). Its aim is to establish a Center of Excellence in Digital Humanities at the Faculty of Philosophy of the University of Crete. The activities of the new Center will be directed by Christophe Roche, Professor of Artificial Intelligence at the University of Savoie Mont-Blanc and ERA Chair Professor at the University of Crete (Department of Philology).

For more information, please visit the site <http://talos-ai4ssh.eu>

In application of the General Regulation 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, the University of Crete informs you that the ceremony will be live-streamed and photographs of the participants and attendees will be taken for the University of Crete's archive and the public promotion of the event. See more: https://www.uoc.gr/files/items/7/7133/guidance_for_compliance_with_gdpr.pdf

The event is organized with the support of the Department of Public Relations of the University of Crete

Design: Anna Arkoulaki - E-media, University of Crete
